

13th ISSAID Meeting

of The International Society of Systemic Auto Inflammatory Diseases

Paris, France

8-10 April 2025

www.issaid.org/issaid2025

ISSAID Programme Day by Day | **Tuesday 8 April 2025**

08:30 - 10:00

Espace Adenauer

Opening ceremony

Moderated by Isabelle Koné-Paut (FR) & Erkan Demirkaya (CA)

08:30 President's address / [Erkan Demirkaya](#) (CA)

08:35 Welcome from local chair / [Isabelle Koné-Paut](#) (FR)

08:40 Surprise from CEREMAIA

09:00 Evolution, genetics of populations / [Lluís Quintana-Murci](#) (FR)

09:40 Announcement of award winners / [Isabelle Koné-Paut](#) (FR) & [Erkan Demirkaya](#) (CA)

10:00 - 10:30

Salon Honnorat

Coffee break & poster viewing

10:30 - 11:30

Espace Adenauer

Pathways of autoinflammation

10:30 JAK associated inflammatory disease / [Dusan Bogunovic](#) (US)

10:50 Regulations of NLRP3 inflammasomes / [Seth Masters](#) (AU)

11:10 ADA2 deficiency in 2025 / [Pui Lee](#) (US)

11:30 - 12:30

Espace Adenauer

Mechanisms of inflammasome activation

11:30 Modulization of missense variants / [Alessandra Carbone](#) (FR)

11:50 Functional tests of MEFV variants / [Thomas Henry](#) (FR)

12:10 The NLRP1 inflammasome / [Etienne Meunier](#) (FR)

12:30 - 13:30

Salon Gulbenkian

Outcome measures SAID meeting

12:30 - 13:30

Salon Honnorat

Break

13:30 - 15:00

Espace Adenauer

Epidemiology/vasculitis of SAID

13:30 Extracellular vesicles, new protagonists in thrombo-inflammatory diseases / [Françoise Dignat-George](#) (FR)

13:50 SAID and vasculitis / [Paul Brogan](#) (GB)

14:10 Genetic mimickers / [Charalampia Papadopoulou](#) (GB)

14:30 3 selected oral communications

13:30 - 15:00

Salon Gulbenkian

Molecular determinants of innate immunity

15:00 - 16:00

Espace Adenauer

Year in review & award presentations

15:00 Basic science / [Ivona Aksentijevich](#) (US)

15:20 Clinical science / [Erkan Demirkaya](#) (CA)

15:40 Dan Kastner award presentations / [Alice Burleigh](#) (GB) & [Marcia Munoz](#) (AU)

16:00 - 16:30

Salon Honnorat

Coffee break & poster viewing

16:30 - 17:30

Espace Adenauer

SAIDs across the ages

16:30 Late complications of Familial Mediterranean Fever / [Sophie Georgin Lavalie](#) (FR)

16:50 SAIDs and pregnancy / [Huri Ozdogan](#) (TR)

17:10 Debate Pro: Does everybody need life-long treatment? / [Helen Lachmann](#) (GB)

17:20 Debate Con: Does everybody need life-long treatment? / [Seza Ozen](#) (TR)

16:30 - 17:30

Salon Gulbenkian

ISSAID general assembly

17:30 - 19:00

Salon Honnorat

Welcome reception

08:30 - 10:00

Espace Adenauer

Contribution of algorithms and artificial intelligence in SAIDs

- 08:30 Contribution of AI to the diagnosis of SAIDs / [Kevin Yauy](#) (FR)
- 08:50 AI approaches to decipher the pathogenesis of SAIDs / [Vassili Soumelis](#) (FR)
- 09:10 5 selected oral communications

10:00 - 10:30

Salon Honnorat

Coffee break & poster viewing

10:30 - 11:30

Espace Adenauer

Neurologic inflammation and SAIDs

- 10:30 Neuroinflammation and SAIDs / [Pierre Ellul](#) (FR)
- 10:50 Functional MRI studies in neuroinflammation / [Neil Basu](#) (GB)
- 11:10 2 selected oral communications

11:30 - 12:30

Espace Adenauer

Genetics

- 11:30 Whole genome sequencing and neonatal screening: The GUARDIAN experience / [Alban Ziegler](#) (FR)
- 11:50 Which techniques for the diagnosis of SAIDs in 2025 / [Alexander Hoishen](#) (NL)
- 12:10 2 selected oral communications

11:30 - 12:30

Salon Gulbenkian

Amyloidosis and renal complications in SAIDs

Moderated by [Gilles Grateau](#) (FR) & [Ilan Ben-Zvi](#) (IL)

- 11:30 Overview on AA amyloidosis worldwide in 2025 / [Helen Lachmann](#) (GB)
- 11:50 State of the art of AA amyloidosis complicating familial Mediterranean fever in the world in the last 50 years / [Ahmet Gul](#) (TR)
- 12:10 AA amyloidosis complicating monogenic autoinflammatory diseases / [Sophie Georgin Lavalie](#) (FR)

12:30 - 13:30

Salon Honnorat

Break

13:30 - 15:00

Espace Adenauer

New clinical lessons in autoinflammation

- 13:30 Still's Disease (Results from the Immunaid) / [Bruno Fautrel](#) (FR)
- 13:50 When, why and how to monitor IL-18? / [Scott Canna](#) (US)
- 14:10 Which treatment for NFkB related diseases? / [Carine Wouters](#) (BE)
- 14:30 3 selected oral communications

13:30 - 15:00

Salon Gulbenkian

6 selected oral communications

15:00 - 16:00

Espace Adenauer

Thieve market – 6 selected cases

15:00 - 16:00

Salon Gulbenkian

Workshop: Autoinflammation and osteitis - Part I

Moderated by Polly Ferguson (US) & Perrine Dusser (FR)

15:00 CRMO pathophysiology, diagnosis / [Christian Hedrich](#) (GB)

15:20 CRMO- associated diseases / [Herman Girschick](#) (DE)

15:40 2 selected oral communications

16:00 - 16:30

Salon Honnorat

Coffee break & poster viewing

16:30 - 17:30

Espace Adenauer

The view of the younger generations of SAID specialists "Standing on shoulders of giants"

16:30 Medical practice facing the clash of generations

16:50 Report from the YIM

16:30 - 17:30

Salon Gulbenkian

Workshop: Autoinflammation and osteitis - Part II

Moderated by Polly Ferguson (US) & Perrine Dusser (FR)

16:30 Monogenic auto-inflammatory disease with bone osteitis / [Polly Ferguson](#) (US)

16:50 Radiologic findings of CRMO / [Sandrine Chilloh](#) (FR)

17:10 Debate: Pro anti-TNF in CRMO versus pro Bisphosphonates in CRMO? / [Ronald Laxer](#) (CA)

17:20 Debate: Pro anti-TNF in CRMO versus pro Bisphosphonates in CRMO? / [Perrine Dusser](#) (FR)

ISSAID Programme Day by Day | **Thursday 10 April 2025**

08:30 - 10:00

Espace Adenauer

Beyond genetics of SAIDs

- 08:30 Conceptualization of immune memory and trained immunity / [Thomas Pradeu](#) (FR)
- 08:50 Epigenetic determinants in inflammasomopathies / [Florence Apparailly](#) (FR)
- 09:10 Epigenetic determinants in inflammasomopathies / [Sam Lockhart](#) (UK)
- 09:30 3 selected oral communications

10:00 - 10:30

Salon Honnorat

Coffee break & poster viewing

10:30 - 11:30

Espace Adenauer

Clonal haematopoiesis and autoinflammation I

- 10:30 Clonal haematopoiesis and SAIDs / [J rome Hadjadi](#) (FR)
- 10:50 VEXAS syndrome in 2025 / [David Beck](#) (US)
- 11:10 2 selected oral communications

10:30 - 11:30

Salon Gulbenkian

Biomarkers & outcome measures in SAIDs

- 10:30 Neutrophil activation markers in autoinflammation / [Dirk Foell](#) (DE)
- 10:50 Quality of life in SAIDs / [Maryam Piram](#) (CA)
- 11:10 2 selected oral Communications

11:30 - 12:30

Espace Adenauer

Clonal haematopoiesis and autoinflammation II

- 11:30 Tri 8 associated autoinflammatory disorders / [Kalpana Manthiram](#) (US)
- 11:50 Somatic mosaicism and TLR8
- 12:10 Non-Mendelian inheritance

11:30 - 12:30

Salon Gulbenkian

Late breaking news - 6 selected oral communications

12:30 - 13:30

Salon Gulbenkian

Outcome measures SAID meeting

12:30 - 13:30

Salon Honnorat

Break

13:30 - 15:00

Espace Adenauer

New targets for the treatment of SAID

- 13:30 Marrow transplant and stem cell transplant for SAID / [Isabelle Meyts](#) (BE)
- 13:50 Inflammation impacts the HSC compartment: Consequences for gene therapy approaches / [Marina Cavazzana](#) (FR)
- 14:10 DADA2 / [Georg Schett](#) (DE)
- 14:30 Debate: On demand or continuous treatment with IL-1 inhibition? / [Veronique Hentgen](#) (FR)
- 14:45 Debate: On demand or continuous treatment with IL-1 inhibition? / [Ilan Ben-Zvi](#) (IL)

13:30 - 15:00

Salon Gulbenkian

Advocacy programme - Session 1

15:00 - 15:30

Salon Honnorat

Coffee break & poster viewing

15:30 - 16:30

Espace Adenauer

Equity and access to innovative therapeutics in rare diseases

15:30 Patients' odyssey

15:45 European public policies and rare diseases / [Johanna Benesty](#) (FR)

16:00 India: Overcoming the challenges of awareness availability and access / [Raju Khubchandani](#) (IN)

16:15 Kenya: Overcoming the challenges of awareness availability and access / [Angela Migowa](#) (KE)

15:30 - 16:30

Salon Gulbenkian

Advocacy programme - Session 2

16:30 - 17:00

Espace Adenauer

Closing remarks

16:30 Closing remarks

16:45 Announcement of ISSAID 2027
